Hygiene Practices:

All staff members are following CDC guidelines and regulations to include; frequent and proper hand-washing, temperature checking, and strict monitoring of any illness symptoms. Guests are asked to do the same and to utilize the hand sanitizing station, located at the front door, every time they exit and enter the building.

Throughout the Inn, enhanced cleaning using the recommended EcoLab products is being employed. All public areas and surfaces are being cleaned and sanitized with increased frequency.

Each guestroom is thoroughly sanitized between guests. This includes electrostatic sanitizing surfaces, remotes, high-touch points, and the removal and replacement of all linens and towels. Magazines have been removed from guestrooms and are available by request only.
